

## **Product**

Alugrid Composite Steel / Aluminium Suspension Grids.

## **Manufacturer**

SAS International 23 Kelvin Way Trading Estate, West Bromwich, West Midlands B70 7TW  
Telephone: +44 (0)121 553 3093 Fax: +44 (0)121 553 3176

## **Intended Use**

For use as a support system in conjunction with various types of ceiling tiles.

## **Composition**

The product consists of an extruded aluminium section which may (or not) be subsequently coated with polyester powder paints, or alternative finishes, together with a galvanised steel suspension carrier.

## **Health Statement**

When subject to the normal purposes for which they are designed, these products do not present health risks nor hazards. By their nature, these products may have sharp edges and corners, and the use of gloves when handling is recommended. When installing overhead it is advisable to wear head protection.

When cutting or welding these products, it is advisable to wear eye protection. Avoid ingestion or inhalation of any dust or fumes arising from such cutting operations and use a suitable face mask when necessary. Metal is a good conductor of electricity and precautions should be taken to ensure contact with live power lines is avoided.

The galvanised carrier could have a presence of hydrocarbon rolling oil which may cause irritation of the skin during prolonged exposure. In such cases, the use of barrier creams and attention to personal hygiene is essential.

## **Precautions for Handling and Storage**

No special precautions are necessary for normal handling and storage, and no health problems are to be expected from long term exposure during these operations. The products should be kept dry at all times and stored in a dry environment.

## **Procedures in the Event of an Emergency**

There are no special risks associated and the products do not constitute a fire hazard. The products are not generally ignitable.

## **Waste Disposal**

Waste products are not hazardous and their disposal should be in accordance with local regulations.

## **Relevant Tests**

None Applicable.

## **Measured Levels of Exposure of Operators When Using the Product**

None applicable

## **HSE Guidance Notes**

EH44 - Dust in the Workplace: General Principles of Protection. Health & Safety at Work Booklet No.1 - Lifting & Carrying. The Protection of Eyes Regulations 1974. Manual Handling Operations Regulations 1992.

## **Patent**

The Alugrid suspension system is a registered trade name incorporating Patent No. 2152091.
